Regular Assessments

Children receive two assessments in each term. Teachers will review progress and advise parents if the child is ready to move up to the next level.

Flexible Progression

Children may move to the next level based on their demonstrated abilities rather than waiting until the end of a fixed term.

Repeat & Build

After completing the full programme, children can continue revisiting the levels to consolidate their knowledge, strengthen fluency and develop greater confidence.

GCSE-Aligned Foundations

Our curriculum incorporates foundational language knowledge relevant to GCSE Chinese, supporting children who wish to progress towards more advanced Chinese studies.
